## **DETAILED ACTION**

This Office action is responsive to the amendment filed on January 06, 2005.

- 1. Claims 1-22 are allowed.
- 2. The following is an examiner's statement of reasons for allowance: the prior art taken either singly or in combination fails to anticipate or fairly suggest the limitations of independent claims 1, 18, 21 and 22, especially when these limitations are considered within the specific combination claimed.

Especially, the prior art fails to anticipate or fairly suggest that: a) the claimed second dielectric layer and the claimed low K dielectric layer are deposited using "the silicon precursor", as claimed in claims 1, 18 and 22; and b) the claimed second dielectric layer has a silicon intensity ration of less than about 175 to 1 by time of flight secondary ion mass spectroscopy, as claimed in claim 21.

- 3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
- 4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Luan Thai whose telephone number is 571-272-1935. The examiner can normally be reached on 6:45 AM 4:15 PM, Monday to Friday.
